 1. German for Engineering Certificate

WHEREAS, German is a crucial language for those working in engineering and proficiency in German thus adds significant value to a degree in this field, and

WHEREAS, as UD Engineering students face extensive requirements toward completion of their major, they are seldom able to take the three 100-level courses (four days per week) necessary to begin a new language, and

WHEREAS, the Department of Languages, Literatures & Cultures recognizes the need for a program of language study tailored to the exigencies of the Engineering majors, and has therefore developed a 100-level sequence that reduces by one the number of 100-level courses students need to take, and focuses on topics and vocabulary pertinent to the field of Engineering, combined with a winter semester of study in Germany designed for Engineering students, be it therefore

RESOLVED, that the Faculty Senate recommends the approval of the establishment of a new Certificate in German for Engineering.

IX. Introduction of New Business

Such items as may come before the Senate. (No motion introduced under new business, except a motion to refer to committee, shall be acted upon until the next meeting of the Senate.)
