NEW WEB SITES

The office of Undergraduate Academic Services is pleased to unveil its new web site, along with the new website for the College of Arts and Sciences. We find the new web sites more visually appealing and easier to navigate. We hope that faculty and students alike will find information more easily accessible. Please take a moment to visit the new sites.

WINTER AND SPRING REGISTRATION

Winter registration is currently underway and Spring 2012 registration begins on November 17. Undergraduate students are assigned “registration appointments,” which list an individualized date and time that registration becomes available for each student. Registration appointments are issued by total number credits earned. Those with the highest number of credits will go first; then appointments will continue through December 7 in descending order. Accordingly, our freshmen will be likely to have appointments in the first week of December. Registration will be open to all students (including those in Continuing Education) from December 8 through the end of the Spring 2012 Free Drop/Add period (ending February 20).

VOLUME 1, ISSUE 2: FALL 2011

Each semester we will issue a faculty advisement newsletter, highlighting policies, providing upcoming academic calendar dates, and addressing common faculty questions.

IN THIS ISSUE:
- New Web Site Announcement (page 1)
- Winter and Spring Registration (page 1)
- NUCLEUS Program Information (page 2)
- Important Dates (page 2)
- Reminders (page 2)
- Senior Checkout Update (Page 2)
NUCLEUS
Network of Undergraduate Collaborative Learning Experience for Underrepresented Scholars

NUCLEUS is an undergraduate academic services support program funded by the College of Arts and Sciences that helps the University of Delaware recruit and retain underrepresented, first-generation, and low-income undergraduate students while providing them with an environment that encourages academic achievement, leadership, and service. NUCLEUS provides the following services for its students:

- Pre-college summer enrichment programming
- Academic advisement
- Pre-graduate career counseling
- Professional Development Workshops
- Tutoring Services
- A freshman seminar series
- Scholarship funding for course supplies and travel to regional and national research conferences
- Academic-year research apprenticeship opportunities
- Summer research scholarships

If you know an undergraduate student who has plans for graduate or professional school and could benefit from the support offered by this program, please contact the NUCLEUS staff:

REMINDEERS

Students on Academic Probation must be advised prior to registering for Spring 2012 courses. If you meet with a probationary student, please let us know (as-advice@udel.edu) so that we can remove the registration hold on the student’s account.

UAS is here for you! If you would like one of our Coordinators to visit your faculty meeting, plan a workshop, or meet with you on an individual or small-group basis, please let us know. We’d be happy to assist you.

SENIOR CHECKOUT UPDATE

Great news! With the exception of very few students, all Senior Checkouts for the Spring 2012 graduating class have been issued. Students received their Senior Checkouts by udel.edu email. Faculty advisors can access the Senior Checkouts through Advisor Notes. Upon logging in, click on “View Notes by Visit” to view topics of meetings. Click on the “Senior Checkout” note to view the entry for the Senior Checkout, then click on “View Attachment” to download the document (a Microsoft Word document).

Our office, located in 109 Mitchell Hall, is accessed from the walkway between Gore Hall and Mitchell Hall

Walk-in hours: M-F 1pm—4pm  
Office hours: M-F 8am—5pm
